HARDING NOMINATED
LANDSLIDE TURNS TOWARD OHIOAN ON NINTH BALLOT AND CONVENTION IN TENTH ACCLAIMS HIM AMID ENTHUSIASM

Turn to Harding Was Agreed Upon During Night if Early Vote Failed to Give Choice.

HARDING VISITED JOHNSON APARTMENT

Harding's Record and Attitude In Campaign Pointed To As Good Reasons For Support.

Early Morning Developments At G. O. P. National Convention.

(By Associated Press)

Chicago, June 12.—Harding of Ohio emerged today from all night conferences of republican leaders as the man to break the imminent deadlock on the presidential nomination.

On him they plan to concentrate their strength should the convention fail to break through the blockade established yesterday by four ballots.

Senator Harding participated in the conferences. He also saw Senator Johnson in the latter's private apartment, but the California senator described the visit at a "convention call."

Details of the meeting were not disclosed. It gained significance because backers of the Harding movement are looking to Johnson supporters for aid if their plans materialize.

The tentative plan of originators of the new Harding boom was contingent upon failure of early votes today to result in the nomination of Wood, Lowden or Johnson. Originators of the Harding compromise plan were known to be seeking support of the California senator's adherence if it became clear that Johnson could not be nominated.

To insure strong reinforcements from that direction, some leaders urged during the night conferences that a ticket of Harding for president and Johnson for vice-president be put forward. There was nothing to indicate that Senator Johnson would consent.

Governor Coolidge of Massachusetts also was mentioned as a possible running mate for Harding. Backers of the Harding boom claimed they could muster between 150 and 200 votes for Harding on an early ballot today, and that if Johnson could be induced to accept the vice-presidential nomination on the compromise ticket practically his entire strength could be swung into line.

Opponents of the Harding plan declared they would fight it to a finish, in a caucus of the New York delegation today.

General Wood was informed of the new move. He brought his managers together during the night and they determined to stick to their guns.

Arguments used by backers of a compromise were that Harding had a good record, was not involved materially in the senatorial campaign expenditures inquiry and had the confidence of conservative and progressive interests.

Conferences between leaders of all factions looking to a nomination began today at hotels and clubs. Few important changes were expected in today's first ballot.

CHICAGO, JUNE 12.—(Associated Press) (6:30 p.m.)—Senator Warren G. Harding, of Ohio, was nominated for the presidency late today in the Republican National Convention on the tenth ballot, receiving a fraction over 520 votes.

In a dramatic session in which Governor Lowden of Illinois released all his friends and his delegates, turned to Harding in rapid succession, the Harding landslide, which started with a gentle movement early in the morning, steadily and surely grew and resisted all attempts of the Wood and Lowden people to check it if they had a disposition to do so.

MAY FINISH WORK TONIGHT.

Immediately after Senator Harding's nomination was a fact it was decided to attempt to have a brief recess on the floor with the delegates remaining so a choice could be made for second place and the business of the convention be ended tonight.

On the ninth ballot Michigan broke and gave Harding one. Missouri went solid for Harding, all 36. While the Lowden votes were flocking to Harding Governor Lowden sent word to the platform from the conference room where he was that he released all his friends. Louisiana at the moment flocked solid for Harding.

Kentucky went into the Harding column with all 26, taking them from Lowden. On the ninth Connecticut cast 13 for Harding and 1 for Johnson. A roar of Harding enthusiasm swept the coliseum.

Harding got 7 of Wood's votes from Florida. Floor manager Knox of the Wood forces announced to that the Wood, Johnson and Lowden forces had agreed to combine to support a movement for an adjournment. New York gave Harding 66, taking them from Wood and Lowden. It was the signal for another demonstration.

THE NINTH BALLOT

Wood 249; Lowden 121½; Johnson 82; Harding 374½; Sproul 78; Coolidge 28; Hoover 6; Butler 2; Knox 1; Poindexter 14; LaFollette 24; Lenroot 1; Hayes 1; McGregor of Texas 1. Not voting 1.

When the roll call was being announced Governor Sproul released the Pennsylvania delegation from their pledge to him.

"Unspeakable Outrages" Inflicted Upon Coal Miners by Operators is Charged.

(By Associated Press) Montreal, June 12.—A congressional investigation into alleged "unspeakable outrages" inflicted upon the mine workers by the "coal interests" in West Virginia is demanded in a resolution unanimously adopted here today by the convention of the American Federation of Labor.

The Republican convention has "turned its back upon labor," and has adopted a platform both defiant in its defense of the enemies of labor and calculated to secure for them fresh advantages and greater privileges. Samuel Gompers and Matthew W. Woll, president and vice-president of the American Federation declared at the meeting today.

GEN. WOOD AND GOV. LOWDEN TIE IN THE SIXTH

Harding Made Steady Gains All Day With Big Jump In The Eighth.

Ohio Bolters Ready to Return To Harding Column.

(By Associated Press) Chicago, June 12.—The republican national convention went into the seventh inning today with the score tied. Wood and Lowden both stood at 31½ votes. Lowden had gained exactly 100 votes since the first ballot yesterday.

Harding had been making steady but small gains throughout the fifth, sixth and seventh ballots and continued to gain in the eighth.

The word had come up from the delegates that the leaders were going to fight it out a little longer before the expected break.

Michigan, solidly instructed for Johnson with 30 votes, was the first state to change in today's balloting, giving votes to General Wood. Ohio also gave some Harding votes to Wood but the Harding men said they would return to the Harding column.

With a pair of votes between the leaders at the end of the sixth ballot and everybody expecting a jump on the seventh, the convention gave itself up to ten minutes of uproar before proceeding.

Delegates His Ballot Cast for LaFollette

Mayor Thompson and Samuel Ellison Resign as Delegates Rather than Vote for Lowden.

(By Associated Press)

Chicago, June 12.—Four ballots in the Republican national convention today failed to unite the necessary majority on a nominee. It was the first time since 1888 that more than three ballots found the party without a choice.

Wood and Lowden were at their high water mark when the convention, after the fourth ballot, adjourned until 10 o'clock tomorrow.

Johnson had received on the fourth seven and one half votes less than he received on the third. The contest stood:

THE FOURTH BALLOT
Wood, 314½; Lowden, 289; Johnson, 140½; Hoover, 5; Harding, 61½; Sproul, 79½; Coolidge, 25; Butler, 20; Knox, 2; Poindexter, 15; Southerland, 3; Borah, 1; DuPont, 2; LaFollette, 22; Watson, 4.

At the adjournment hour, it still remained a three-cornered fight between Wood, Lowden and Johnson, for the remaining twelve contestants held only 240 scattering votes, among them and most of them had been losing steadily since the first ballot, some one of the big three making accession at their expense.

With the scattering vote Hiram Johnson still was holding the balance of power. His 140½ votes alone, even if cast for either Wood or Lowden would not be sufficient to nominate either and there was not the slightest

Re-Convene at Four O'clock This Evening.

(By Associated Press)

They haven't missed a convention for forty years.

CHICAGO, JUNE 12.—At the end of the eighth ballot at the Republican National Convention today, just as the tide for Harding was rising throughout the hall, a recess was taken until four o'clock in the afternoon.

At first the Harding managers, former Governor Willis of Ohio, and Myron T. Herrick, protested against the recess, but after a platform conference agreed to it, and on leaving the conference Mr. Willis said: "It will be Harding as soon as we come back."

PENROSE SAYS HARDING CHOICE WOULD PLEASE

(By Associated Press)

CHICAGO, JUNE 12.—Eight ballots and no nominee in sight.

That was the record of the Republican National Convention this afternoon at one o'clock Chicago time.

By its action the convention surpassed the long distance record of the convention of 1888 which nominated Harrison and seemed to be after the 36th ballot record of the convention of 1880.

The close of the eighth ballot shows officially: Wood 299; Lowden 307; Johnson 87; Harding 133½; Sproul 75; Coolidge 30; Poindexter 15; LaFollette 24; Hoover 5; Butler 2; DuPont 3; Knox 1; Kellogg 1.

Michigan had been clamoring for an opportunity to change the vote of the delegation so as to pass all 36 votes for Harding. This motion was withdrawn during the confusion of several delegations demanding a roll call.

Word came to the convention floor from Senator Penrose that the nomination of Senator Harding would not be displeasing to him. This word was circulated throughout the convention hall.

It was reported that in addition to Missouri there would be defection in Kansas on the next ballot with a large increase for Harding.

FIFTH BALLOT

The fifth ballot showed the following results:

WYOMING'S VOTE GOES TO HARDING

(By Associated Press)

Chicago, June 12.—Wyoming passed her entire six votes for Harding on the eighth. That took three from Wood and three from Lowden.

OHIOAN MAKES RAPID GAINS

(By Associated Press)

Chicago, June 12.—On the seventh ballot the Lowden and Wood positions were scarcely changed while Senator Harding made all the gains, carrying him past the 105 mark.

OHIO BREAKS IN SIXTH

(By Associated Press)

Chicago, June 12.—The lineup of the Ohio delegation broke on a poll during the sixth ballot, some of the Harding strength going to Wood. Wood gained four. The vote was Harding 35; Wood 13.

Following the purchase from B. C. Mace and R. C. Peddicord of a fifteen acre tract, adjoining the city on North North street Friday announcement is made that the new owners, The Harris Speaks & Harris Realty Company, of Paris, Kentucky, will plat the tract, lay out streets of regulation width, plant trees and otherwise prepare the tract for an addition to the city, later disposing of the lots at public auction.

The tract in question is adjacent to the present corporation line and action will be taken with a view to having the city accept the tract as part of the incorporated district.

Messrs. Harris, Speaks & Harris announce that within the next few days the work of laying off the streets and alleys will be completed and grading taken up on the streets.

It is announced that all lots will be of regulation size and that everything will be done to insure an attractive addition for new homes that will add to the housing facilities of the city.

No building will be done by the firm but lots will be sold as they are laid out, properly numbered and streets named.

The tract is located on the west side of North North Street, and the paved road or street upon which the tract fronts will do much toward making the lots attractive to persons seeking location for a new home.

The tract is located well above the high water mark and is expected to make a very choice addition to the city.

Announcement as to when the lots will be offered for auction will be made within a short time.

indication of Johnson delegates deserting their nominee.

LAFOLLETTE VOTE HISSED

Twenty-four votes from Wisconsin cast for Lafollette on three successive ballots amid hisses an acclaims fell to 22 at the closing. Governor Sprout's high mark was 83½.

At the end of the third ballot, the Johnson forces moved an adjournment and insisted upon a roll call after the motion had been defeated by viva voce vote.

The roll call showed the delegates voting overwhelmingly to continue the balloting. Toward the close of the fourth ballot, it was seen that Wood and Lowden had made small gains and that Johnson vote would show its first loss.

Senator Borah rushed to the platform and urged that an adjournment be taken. Some of the Lowden people had been appealed to and they consented not to oppose an adjournment motion.

MAYOR THOMPSON QUIT

One of the developments of the afternoon was the resignation of Mayor William Hale Thompson and Samuel Etcheson of Chicago as Illinois delegates at large. They said they resigned so they would not have to vote for Governor Lowden.

MICHIGAN MEN GO TO GEN. WOOD

(By Associated Press)

Chicago, June 12.—Michigan's solid 30 which had been standing for Johnson broke on the sixth ballot. Eleven of the 30 broke to Wood and one to Lowden. The remaining 18 stood pat for Johnson.

It was the first break in the solidly instructed delegation.

NATIONAL WOMAN'S PARTY TO BE ACTIVE AT CHICAGO

Chairman Alice Paul and officers of the party photographed before leaving Washington for the convention

Alice Paul, chairman of the National Woman's party, one of the organizations growing out of the old suffrage organization, and the officers of the national party, will be at the Republican conven-

tion at Chicago to lead the suffrage "drive" there, opposing candidates and delegations who haven't aided the suffrage cause. Shown above, left to right, are: Miss Sue White of Nashville, Tenn.; Mrs. Benigna Green Kalb

of Houston, Texas; Mrs. James Redor of Columbus, O.; Miss Mary Dubrow of New Jersey; Alice Paul and Miss Elizabeth Kalb. They are holding a banner which they will use at the convention.

CHARGED WITH RUNNING ENGINE OVER ASPHALT

A result of complaints made by residents of East street and Columbus avenue, Service Director Pete Tracey has filed affidavits against William Robison and Charles Smart, charging them with unlawfully operating a lagged tractor over the asphalt paving of the above mentioned streets, damaging them to a considerable extent.

"Fess standing in the lobby of the Congress hotel, hastily scrawled out a series of 3 recommendations which he felt would be satisfactory to Crane and the same time be acceptable to both."

"When the platform plank was agreed upon, it was disclosed that his plan had been adopted practically in detail."

WAR BEING WAGED ON THE SPEEDERS

During the past few days the police of this city have brought before May or V. J. Dahl a number of violators of the traffic rules. The majority have been arraigned for speeding.

While the Mayor has been very lenient with the majority of the drivers and has only fined them the costs he announces that should the violations continue a repeated dose to the full extent will be given.

Police have been given orders to arrest any persons making a speed exceeding fifteen miles per hour in the congested district and the number of persons facing His Honor have testified to the manner in which the orders have been carried out.

Illegal parking of cars also comes under observation of the police and scores of cars have been ordered to move on when stopped in the middle of the streets, at alleys or fire hydrants.

And it is to continue, says the Mayor, until the auto drivers recognize their obligations to the public.

Because of the fact that many arrests are first offenses the names are being withheld by the court. A great many of those taken into court have been young people.

The Mayor does not believe in showing partiality to out of town drivers and local violators are given attention to the same degree that foreign autoists are noticed.

FESS GUIDING GENIUS BEHIND THE COMPROMISE

Friends of Congressman S. D. Fess are now claiming that he is responsible for the league of nation plank adopted by the Republican National Convention. A dispatch from Chicago tells the story:

"When the league of nations plank was disclosed it developed that it conformed in substance with recommendations submitted on Tuesday to Senator Borah by Congressman Fess."

"Tuesday afternoon at four o'clock Fess received from Borah through

Secretary McCarl, of the Republican congressional election committee, an urgent request for his recommendations as to how far the Johnson-Borah group might go in conceding to the demands of Murray Crane.

"As directing head of the committee which is responsible for the elections of senators and representatives we will try to respect your advice," Borah said.

The whole mess at that hour was at the boiling point with open threats that Johnson would bolt if his plato-

form demands were not met.

"Fess standing in the lobby of the Congress hotel, hastily scrawled out a series of 3 recommendations which he felt would be satisfactory to Crane and the same time be acceptable to both."

"When the platform plank was agreed upon, it was disclosed that his plan had been adopted practically in detail."

FORMER RESIDENT DIES IN SEATTLE

Word was received in this city Friday evening telling of the death of W. D. Winters which occurred in Seattle, Washington, Friday morning due to pneumonia.

Mr. Winters was for many years a resident of this community and at Good Hope where he married Miss Nettie Jones. Mr. Winters was for some time telegraph operator in this city and also in Good Hope.

Mrs. Winters has many relatives in Jeffersonville and Good Hope. In this city Miss Mary and Charles Bonham are cousins.

Surviving Mr. Winters besides his wife are three children, Glenn and Roy and Bernadine.

Funeral arrangements have not been learned. It is probable that the body may be brought back to the old home for interment.

The League of Nations Plank

The determination of the republican delegates at Chicago, the majority without competent leadership, to prevent a bolt of the party by the Johnson-Borah group of bitterenders and irreconcilables is clearly manifested in the platform of principles agreed upon by the sub-committee on resolutions, accepted by all factions.

The big job of the resolutions, or platform committee, was to hold Johnson and Borah in line rather than to fearlessly declare the known demand of the great majority of the party voters on the league of nations proposal.

A compromise of party principles in an effort to maintain party strength and hold all discordant elements among the leaders, together can be clearly seen in the finished product of the resolutions committee.

Senator Lodge, announced advocate of the league of nations with reservations, correctly catalogued the league of nations plank in the platform when, in agreeing to accept the committee report, he stated that he did so on the ground that it permitted the party to follow the line of least resistance.

The absence of a clear and emphatic declaration for a league of nations and a definite pledge to bring about an agreement for a concert of action among the nations to prevent war and promote peace and friendly intercourse and the action of the committee in contenting itself with approval of the course of the obstructionists in the Senate which has resulted in the isolation commercially of the United States, is a disappointment to the majority of the party voters and a decided set-back to the hopes of business men and bankers.

Hopeful Signs

The annual convention of the Federation of Labor meeting at Montreal, in declaring for a voluntary arbitration body to settle the grievances of labor, marks a departure and a promising one too, from labor's long adhered to policies.

The action at Montreal seems to be the first definite declaration by labor recognizing the rights of employers and the rights of the public and acknowledging that there may be merit in the industrial units with which labor comes in contact.

Employers and public alike have long acknowledged the justice in many of labor's contentions and given substantial proof of that acknowledgement in substantial concessions made. Thus far, however, labor has refused, at least openly, to acknowledge the justice of their associates in the business world.

With the coming of a spirit of give and take, the recognition of the rights of others and the justice in the claims of rivals followed by action in accord with the wholesome principles announced, an era of wonderful progress toward the elimination of that hostility and suspicion which has kept the industrial world more or less chaotic is promised.

Get All of Them

At Huntington, West Virginia, on Thursday, a wholesale grocery house was fined, by the federal authorities \$35000 for profiteering in sugar. The presumption is indisputable that the company disobeyed the provisions of the Lever food control law and was caught at it.

We have no word, of course, to say in defense of the guilty company, but the occurrence is another cause for noting that the real culprits are escaping even the annoyance of facing a criminal charge.

The guilty wholesale house at Huntington doubtless sold on a greater margin of profit than that allowed wholesale houses, but the parties who were and are responsible for the big rise which wholesalers are compelled to pay and which makes up ninety percent or more of the present increased price, seem to successfully elude the efforts of the government sleuths to apprehend them.

As a matter of course the wholesalers should not sell sugar for a cent and one-half profit when the law limits them to one cent.

POETRY FOR TODAY

THE ELM

The mountain pine is a man at arms
With flashing shield and blade;
The willow is a dowager,
The birch is a guileless maid,
But the elm tree is a lady
In gold and green brocade.

Broadbosomed to the meadow breeze
The matron maple grows;
The poplar plays the courtesan
To every wind that blows,
But who the tall elm's lovers are
Only the midnight knows.

And few would ever ask it
Of such a stately tree,
So lofty in the moonlight,
So virginal stands she,
Snaring the little silver fish
That swim her silent sea.

But hush! A hum of instruments
Deep in the night begins,
Along those dusky galleries
Low music throbs and thins—
A whispered sound of harps and
Flutes
And ghostly violins.

For what mysterious visitor
Do all her windy bells
Ring welcome in the moonlight
And amorous farewells?
The elm tree is a lady.
The midnight never tells.

THE OLD GUARD FORCED TO SEE THE PROGRESSIVES

Medill McCormick's Riot Over Continued Ignoring of Roosevelt Wing Brings Forth The Treaty Plank.

Old Guard Made to Realize Progressives Must Have More Than Promises.

BY MARK SULLIVAN

(Copyright 1920)

Chicago, June 11. — The victory of Senator McCormick, Borah and Johnson on the treaty plank wasn't the only thing that happened. The same event marked the end of a series of happenings which had become intolerable to the old Progressive and Roosevelt leaders who are here. From the very beginning of the convention, as between the Old Guard leaders and the Progressive or Roosevelt leaders, the former were distinctly in the saddle. Time after time the Roosevelt Progressive leaders had been not merely defeated, but ignored and humiliated. Roosevelt dead was cheered at every mention of his name, but Roosevelt living, in the person of his old Progressive followers, was kicked about in the mud. They were permitted to be in the party, but not to have any part in its management. The Old Guard had the air of having granted a general amnesty, but weren't going to put any Jeff Davieses into position of power. What was left of the Bull Moose was a pathetically mangy animal, kicked around from corner to post.

It must be admitted that one reason why the Progressive leaders were stepped on is a fact that they were not in position to make a fight with a united front. The issues on which the Progressive element came into existence eight years ago have been obscured by the fact that a new issue, the league of nations, has cut at right angles across the old issues and left confusion. On the new league of nations issue some that were old Progressives were on one side and some on the other. That fact prevented solidarity among the Progressive leaders. Being divided they were weak, and the old guard leaders rode over them whenever they felt like it.

Up to Thursday the old guard leaders dominated the situation and the Progressive leaders have been treated with malevolent shabbiness. At least, they have been so treated up until then, when one of them, Senator Medill McCormick of Illinois made a riot.

Weeks ago, when it was announced that Henry Cabot Lodge would be temporary chairman, the Progressive leaders demurred. They were put off with the promise that there should be two chairmen and that the other should be a Progressive. I say they were put off with a promise. Perhaps "promise" is too strong a word but certainly they had assurances. Beveridge was mentioned for permanent chairman; another time Senator Medill McCormick of Illinois was mentioned; still later William Allen White of Kansas was mentioned. But when the convention organized and test came, Lodge got both chairmanships.

Again, in the chairmanship of the important Committee on Resolutions, there was a fight between a thoroughly old guard leader, Senator Watson of Indiana, and the younger Progressive element represented by Ogden Mills of New York. Every observer felt that he had reason to believe that Chairman Will Hays favored Mills. Watson was put in nomination by that great-grandfather of all the old guard leaders, William Barnes of Albany, and Watson won the position by a vote of 41 to 3.

Up to Thursday the Old guard was on top—conspicuously on top. Whether it will continue to be on top in the future remains to be seen. As to the past, there can be no doubt about it. The old guard had anything its way. There were and are signs

THE END OF A PERFECT DAY Women Triumphant at The G. O. P. Convention

that Will Hays has been worried about this.

All that has been said here may have been changed by Senator Medill McCormick's dramatic rebellion. Whether it is and whether the old Roosevelt Progressives are to have more consideration in the future, remains to be seen. The net of what happened Thursday is that Senator McCormick got tired of relying on assurances; got tired of being rolled in the mud, and blazed into the dignity of an angry and outraged rebellion. Certainly it made the old guard leaders extremely uncomfortable; but it did clear the atmosphere and presumably it has made things better for the Roosevelt Progressives.

It is too early to tell a connected and strictly accurate tale of what happened. Also, it is all made very complex by being tied up with the league of nations. If you believe in the league of nations, you'll never be able to see much virtue in what happened Thursday. But if you can see it as merely a drama, as one strong man flailing into passionate action after being too long good-natured in the interest of harmony, you will take your hat off to Senator Medill McCormick of Illinois. Also, no one knows accurately how Roosevelt would have felt about the league of nations. It may be he would have wanted it and would have deplored what was done Thursday. But regardless of how he would have felt about that part of it, Roosevelt, wherever he is today knows that Medill McCormick has told the old guard that they have got to stop kicking that Roosevelt dog around."

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

In compliment to her attractive guest, Miss Elizabeth Johnson, of Urbana, Miss Mary Dahl charmingly filled the role of hostess at an elaborate and beautiful six o'clock dinner Friday night.

A crystal basket filled with pink roses formed the centerpiece of the table, illuminated with pink candles in crystal sticks.

Seated with the hostess and honor guests were Misses Virginia Campbell, Doris Willis, Mary Hanna Bliss, Nina Dahl, Messrs. Clay Pearce and Paul Dye, of Urbana, David Graham, of South Charleston, Mortimer W. Classen, J. H. Lacy, James McDonald,

Mrs. Elva Post of the Creek Road, gave pleasurable entertainment to the June Meeting of the Sugar Grove W. C. T. U. Friday afternoon at her bungalow, made doubly attractive with a profusion of summer flowers.

The meeting opened with devotionals led by Mrs. Post, and a program of Victrola music preceded the regular program in charge of Mrs. Pearl Darlington, the subjects "Child Welfare."

The papers of the afternoon were of special interest to the women, Mrs. Darlington reading "Our Extension Program," Mrs. Clara Campbell, "Recruiting for Membership — Why?"

Mrs. Boss Lunum, "What Part did the W. C. T. U. have to do with Prohibition?" and Mrs. Anna Hardway, "Advantages of Organization."

Miss Martha Minnick and Miss Dorothy McCoy delighted the women with a pantomime.

Mrs. Relia Simmons was welcomed as a new member, and there were seventeen regular members with several additional guests in attendance.

A clever flower contest was enjoyed by Mrs. Anna Hardway winning the prize, and the hostess assisted by Mrs. Athel Post served an elaborate lunch.

The Daughters of the American Revolution will celebrate Flag Day, Monday, June 14th at 2:30 o'clock at the country home of Mrs. W. A. Harlow and Mrs. Maude Coffman.

Miss Forest Allen who has spent the last three years in Washington D. C. will be present and give a reading. There will also be exercises by the children.

If it should be a rainy day, the meeting will be held at the Federated Club rooms.

The Willis home has frequently been the scene of social affairs, but never a prettier nor more charming one than the garden party between the hours of four and six Friday afternoon at which Mrs. Carrie B. Willis and Miss Willis entertained over a hundred guests in compliment to Mr. Roy O. Young, of Ashville, N. Ca., and Miss Mary Robinson who leaves the first of the week for a vacation in Chillicothe.

Nature had contributed a glorious day and the beautiful grounds with velvety lawn at the height of June freshness, shaded by fine old trees, the wealth of summer bloom and the spacious home, with its cool rooms, in the background were all contributing features. The guests enjoyed to the fullest degree the beauty of their surroundings, the refreshing breezes as they stirred the overhead leaves, and the delightful sociability of the hour.

Stimulated by the warmth of the hostess' greeting and the pleasure of visiting with the honor guests, Mrs. Young's many friends have never ceased to regret her call to the South, which now promises to be her permanent home, and her return is always the happy excuse for renewed social activity.

A new idea, suggestive of the country club, was introduced in the serving of a delicious collation at small tables, effectively arranged in the large rooms of the home. An orange

color scheme was perfectly carried out in decorations and collation, the effect charmingly novel and pretty.

The central embellishment of the dining room table was an immense bowl of gaihardtia and on each small table were the prettiest little pots of lantana Gaihardtia were given as guest favors.

Especially admired in the verandah and lawn decorations were a tall pottery vase of flame gladioli and a wicker basket of Thousand Beauties. A bowl of orange punch, served under a spreading oak tree, was on tap all afternoon.

Assisting in dispensing the hospitalities were Mrs. Willard S. Willis, Misses Nina Dahl, Jeanette Weaver and Mary Hagler.

Your Milk is Not Safe Unless It is Pasteurized

That statement is made with the backing of highest health authorities. Pasteurization is the only method which will destroy the bacteria in all milk.

Tubercular Bacteria

is present in twenty-five percent of the dairy cows of the country. Statistics tell us that and tests prove it. Then is it not evident that to use milk not PASTEURIZED IS AN ABSOLUTE AND UNNECESSARY RISK?

Pasteurization does not change the quality of the milk or the butter fat content in any way whatever. But it does make it fit for your family.

Laying aside the fact that our methods are of the most approved sort and that our quality is of the highest, that one fact of absolute purity should be enough to satisfy any milk consumer.

the corn acreage indicates a reduction in eastern and southeastern counties. The acreage in the western and central counties being apparently up to last year. The total acreage for state is estimated at 97 per cent of last year or 3,589,000 acres compared to 3,700,000 acres last year, a decrease of 111,000 acres.

CLOVER: Clover suffered severely during the winter and in some sections a large percentage was winter-killed.

PASTURE: The condition of pasture is reported at 84 per cent, compared to 75 per cent on May 1, and 98 percent a year ago.

FRUIT: The prospects are very bright at this time for better than an average crop of practically all kinds of fruits.

S. D. BLUE ESTATE

The will of the late Samuel D. Blue was probated in Ross county this week.

The home property and furnishings are bequeathed to the widow, Lucy C. Blue, together with an annuity of \$3,600 per year, which is to be in lieu of dower or other claims.

The remainder of the property, real, personal and mixed is given to his son, John Seney Blue, who also named as executor without bond. The estate will total \$150,000. John A. Sanford, Ed Davis and Russell Peterson are named as appraisers.

The will was made February 14, 1920, and witnessed by Mr. P. B. Everhard and W. W. Tsoultis.

SPRING WHEAT: The acreage of spring wheat in Ohio is rapidly dropping back to the normal average acreage of from 10,000 to 15,000 acres. The acreage sown this year is estimated at 30,000 acres, compared to 60,000 acres last year, and 15,000 acres in 1918. The partial failure of the crop last year and unfavorable weather for seeding this spring are responsible for the decrease. It is the general opinion that it is not a safe crop for Ohio. The condition of spring wheat is estimated at 79 per cent of normal, compared to 95 per cent on June 1 a year ago.

OATS: The reports from the correspondents show a decline in the acreage of oats of 4 percent compared to last year or a total acreage of 1,486,000, compared to 1,548,000 last year, a decrease of 62,000 acres.

BEFORE the first Indianapolis 500-mile race in 1911, Barney Oldfield christened the contest "The Battle of the Tires."

In that race, and in each of its yearly renewals until 1920, tire troubles in varying degree have handicapped every fast contending car.

Years ago Barney Oldfield determined to build tires which would go through the whole 500 miles of this terrific test.

In 1919, Barney Oldfield's own company began to build tires.

On a set of these Oldfield Tires, Gaston Chevrolet, May 31, 1920, accomplished the hitherto impossible when he won the eighth annual 500-mile race without a single tire change.

Chevrolet's Oldfield Tires were the logical results of Barney Oldfield's determination, and his experience of 20 years of racing and touring.

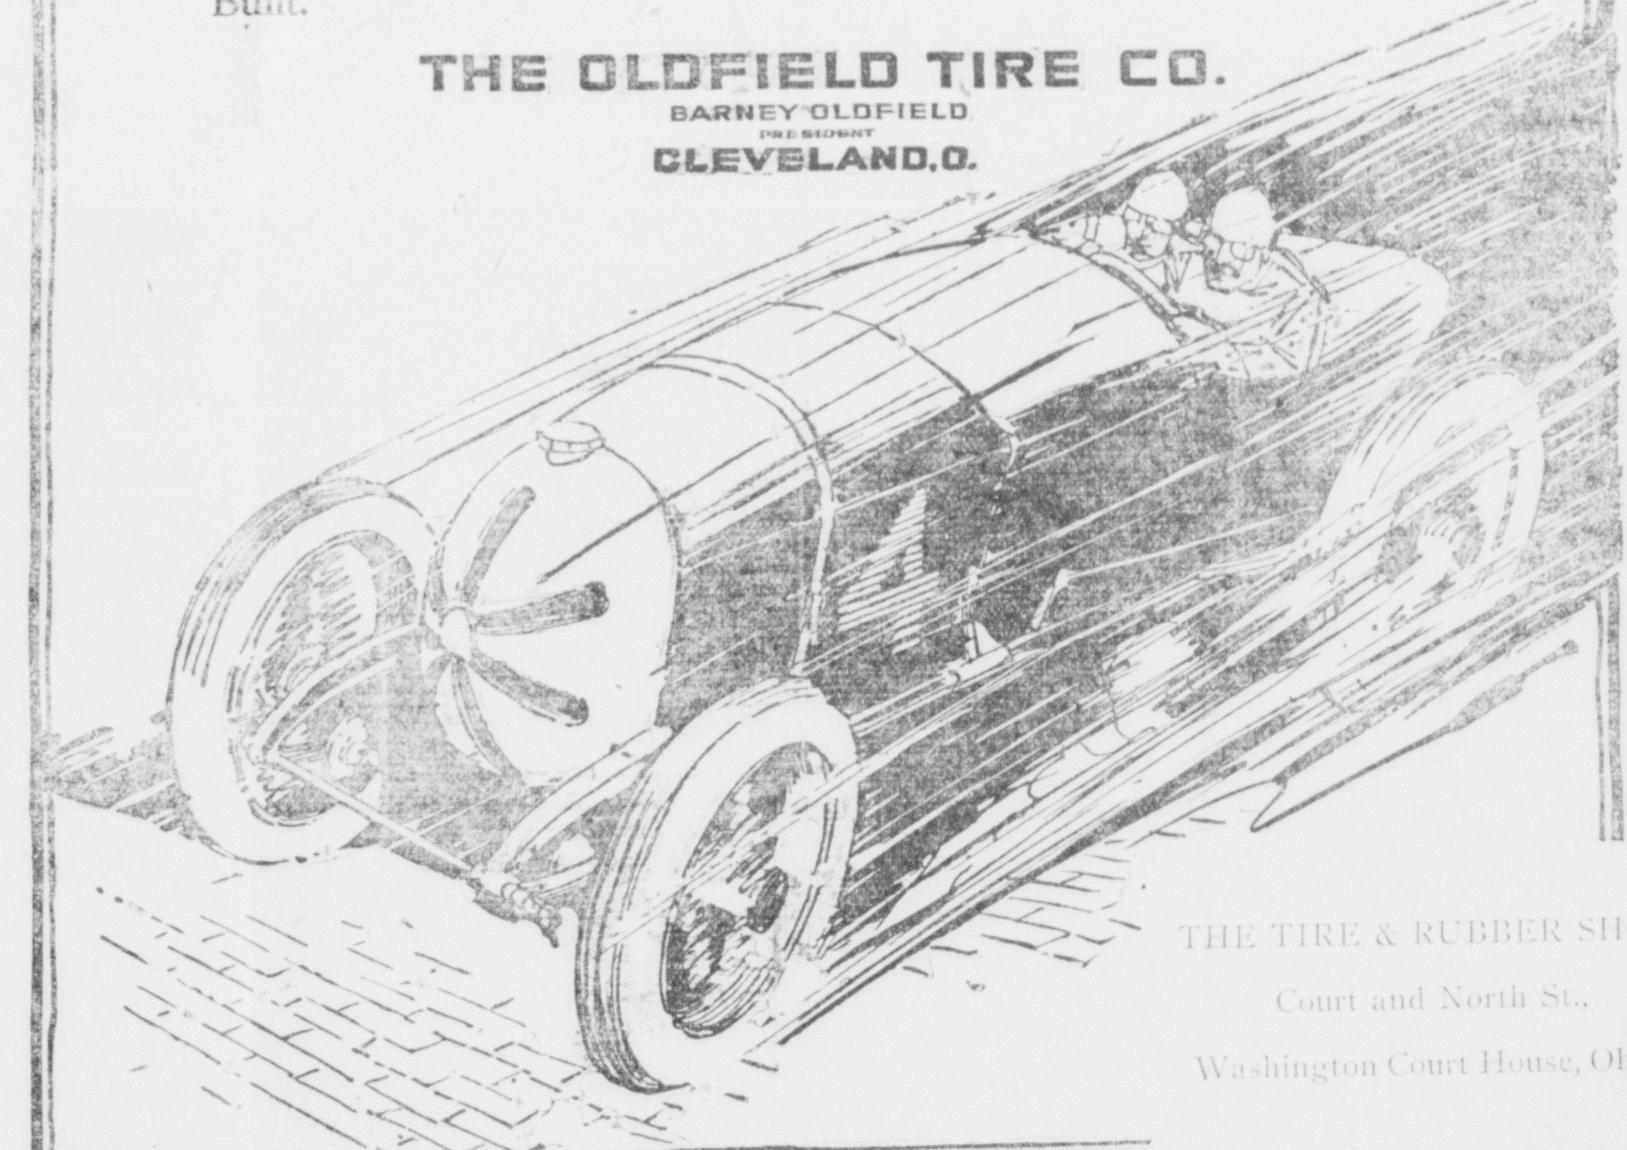

Oldfield Tires offer you the same safety and endurance with which they so faithfully served Gaston Chevrolet.

Take no tire chances.

TIDE TURNS TOWARD HARDING AS PROBABLE G. O. P. CHOICE

Turn to Harding Was Agreed Upon During Night if Early Vote Failed to Give Choice.

HARDING VISITED JOHNSON'S APARTMENT

Harding's Record and Attitude In Campaign Pointed To As Good Reasons For Support.

Early Morning Developments At G. O. P. National Convention.

(By Associated Press)

Chicago, June 12.—Harding of Ohio emerged today from all night conferences of republican leaders as the man to break the imminent deadlock on the presidential nomination.

On him they plan to concentrate their strength should the convention fail to break through the blockade established yesterday by four ballots.

Senator Harding participated in the conferences. He also saw Senator Johnson in the latter's private apartment, but the California senator described the visit at a "convention call."

Details of the meeting were not disclosed. It gained significance because backers of the Harding movement are looking to Johnson supporters for aid if their plans materialize.

The tentative plan of originators of the new Harding boom was contingent upon failure of early votes today to result in the nomination of Wood, Lowden or Johnson. Originators of the Harding compromise plan were known to be seeking support of the California senator's adherence if it became clear that Johnson could not be nominated.

To insure strong reinforcements from that direction, some leaders urged during the night conferences that a ticket of Harding for president and Johnson for vice-president be put forward. There was nothing to indicate that Senator Johnson would consent.

Governor Coolidge of Massachusetts also was mentioned as a possible running mate for Harding. Backers of the Harding boom claimed they could muster between 150 and 200 votes for Harding on an early ballot today, and that if Johnson could be induced to accept the vice-presidential nomination on the compromise ticket practically his entire strength could be swung into line.

Opponents of the Harding plan declared they would fight it to a finish, in a caucus of the New York delegation today.

General Wood was informed of the new move. He brought his managers together during the night and they determined to stick by their guns.

Arguments used by backers of a compromise were that Harding had a good record, was not involved materially in the senatorial campaign expenditures inquiry and had the confidence of conservative and progressive interests.

Conferences between leaders of all factions looking to a nomination began today at hotels and clubs. Few important changes were expected in today's first ballot.

GAINS STEADILY IN BALLOTING

WARREN G. HARDING

FIRST IMPORTANT BREAK COMES IN SIXTH BALLOT

COLISEUM, CHICAGO, JUNE 12.—(Associated Press) — The sixth ballot of the Republican National Convention, like all its predecessors, failed to produce a nominee. It did bring, however, two breaks in the solid delegations. Michigan broke and gave Johnson's vote to Wood; and Ohio broke and gave some of the Harding votes to Wood.

On the sixth ballot Wood, Lowden and Harding all made gains, taking them from the field.

On the sixth ballot officially, Wood and Lowden were tied with 31½ votes each. Harding had 80, a gain of 11 over his showing on the fifth.

Gains for the Wood forces in Ohio caused another demonstration on the floor. The word came up from the various managers that they intended to stand pat and fight it out a little longer.

The Republican convention has "turned its back upon labor," and has adopted a platform both defiant in its defense of the enemies of labor and calculated to secure for them fresh advantages and greater privileges. Samuel Gompers and Matthew W. Woll, president and vice-president of the American Federation declared at the meeting today.

GEN. WOOD AND GOV. LOWDEN TIE IN THE SIXTH

Harding Made Steady Gains All Day With Big Jump In The Eighth.

Ohio Bolters Ready to Return To Harding Column.

(By Associated Press)

Chicago, June 12.—The republican national convention went into the seventh inning today with the score tied. Wood and Lowden both stood at 31½ votes. Lowden had gained exactly 100 votes since the first ballot yesterday.

Harding had been making steady but small gains throughout the fifth, sixth and seventh ballots and continued to gain in the eighth.

The word had come up from the delegates that the leaders were going to fight it out a little longer before the expected break.

Michigan, solidly instructed for Johnson with 30 votes, was the first state to change in today's balloting, giving votes to General Wood. Ohio also gave some Harding votes to Wood but the Harding men said they would return to the Harding column.

With a pair of votes between the leaders at the end of the sixth ballot and everybody expecting a jump on the seventh, the convention gave itself up to ten minutes of uproar before proceeding.

EARLY VOTE LEFT WOOD LEADING

Delegates His Ballot Cast for Lafollette

Mayor Thompson and Samuel Ellison Resign as Delegates Rather than Vote for Lowden.

(By Associated Press)

Chicago, June 12.—Four ballots in the Republican national convention today failed to unite the necessary majority on a nominee. It was the first time since 1888 that more than three ballots found the party without a choice.

Wood and Lowden were at their high water mark when the convention, after the fourth ballot, adjourned until 10 o'clock tomorrow. Johnson had received on the fourth seven and one half votes less than he received on the third. The contest stood:

THE FOURTH BALLOT

Wood, 31½; Lowden, 289; Johnson, 140½; Hoover, 5; Harding, 61½; Sproul, 79½; Coolidge, 25; Butler, 20; Knox, 2; Poindexter, 15; Southerland, 3; Borah, 1; DuPont, 2; Lafollette, 22; Watson, 4.

At the adjournment hour, it still remained a three-cornered fight between Wood, Lowden and Johnson, for the remaining twelve contestants held only 240 scattering votes, among them and most of them had been losing steadily since the first ballot, some one of the big three making accession at their expense.

With the scattering vote Hiram Johnson still was holding the balance of power. His 140½ votes alone, even if cast for either Wood or Lowden would not be sufficient to nominate either and there was not the slightest

Willis Says "It Will be Harding As Soon As We Come Back"

Re-Convene at Four O'clock This Evening.

(By Associated Press)

CHICAGO, JUNE 12.—At the end of the eighth ballot at the Republican National Convention today, just as the tide for Harding was rising throughout the hall, a recess was taken until four o'clock in the afternoon.

At first the Harding managers, former Governor Willis of Ohio, and Myron T. Herrick, protested against the recess, but after a platform conference agreed to it, and on leaving the conference Mr. Willis said: "It will be Harding as soon as we come back."

They haven't missed a convention in forty years.

Lowden 303; Wood 299; Johnson 133½; Harding 89; Sproul 77; Coolidge 29; LaFollette 24; Hoover 6; Butler 4; Poindexter 15; DuPont 6; Southerland 1; Knox 1.

SIXTH BALLOT

Wood 31½; Lowden 31½; Johnson 110; Harding 89; Sproul 77; Coolidge 28; Hoover 4; Butler 4; Kellogg 1; Poindexter 15; DuPont 2; LaFollette 24; Watson 1; Ward 2.

SEVENTH BALLOT

Seventh ballot—Wood 312; Lowden 31½; Johnson 99½; Harding 105; Sproul 75; Coolidge 30; Hoover 4; Butler 2; Knox 1; Kellogg 1; Poindexter 15; DuPont 3; LaFollette 24; Ward 1; Lenroot 1.

EIGHTH BALLOT

On the eighth ballot Michigan broke again and Lowden votes appeared.

At the time Warren, former national committeeman from Michigan, was conferring with the New York delegation and Lowden's accessions were expected. Michigan's ballot as it stood on the eighth was 10 for Johnson, 13 for Wood and 7 for Lowden.

Harding got a gain of another two from Alabama. He also got a gain of three from Indiana.

The vote—Wood 299; Lowden 307; Johnson 87; Harding 133½; Sproul 75½; Coolidge 30; Poindexter 15; LaFollette 24; Hoover 5; Butler 2; DuPont 3; Knox 1; Kellogg 1.

WYOMING'S VOTE GOES TO HARDING

(By Associated Press)

Chicago, June 12.—Wyoming passed her entire six votes for Harding on the eighth. That took three from Wood and three from Lowden.

OHIO MAKES RAPID GAINS

(By Associated Press)

Chicago, June 12.—On the seventh ballot the Lowden and Wood positions were scarcely changed while Senator Harding made all the gains, carrying him past the 105 mark.

OHIO BREAKS IN SIXTH

(By Associated Press)

Chicago, June 12.—The lineup of the Ohio delegation broke on a poll during the sixth ballot, some of the Hardings strength going to Wood. Wood gained four. The vote was Harding 35; Wood 13.

LOWDEN PASSES WOOD IN FIFTH

(By Associated Press)

Chicago, June 12.—Governor Lowden passed General Wood on the fifth ballot in the convention today and the prediction of the Wood managers that they would gain votes on the first ballot of the day was not fulfilled.

Lowden ran up to 303 while Wood only touched 299. Johnson fell to 133 $\frac{1}{2}$.

LAFOLLETTE VOTE HISSED

Twenty-four votes from Wisconsin cast for Lafollette on three successive ballots amid hisses an catcalls fell to 22 at the closing, Governor Sproul's high mark was 83 $\frac{1}{2}$.

At the end of the third ballot, the Johnson forces moved an adjournment and insisted upon a roll call after the motion had been defeated by viva voce vote.

The roll call showed the delegates voting overwhelmingly to continue the balloting. Toward the close of the fourth ballot, it was seen that Wood and Lowden had made small gains and that Johnson vote would show its first loss.

Senator Borah rushed to the platform and urged that an adjournment be taken. Some of the Lowden people had been appealed to and they consented not to oppose an adjournment motion.

MAYOR THOMPSON QUIT

One of the developments of the afternoon was the resignation of Mayor William Hale Thompson and Samuel Eddleton of Chicago as Illinois delegates at large. They said they resigned so they would not have to vote for Governor Lowden.

MICHIGAN MEN GO TO GEN. WOOD

(By Associated Press)

Chicago, June 12.—Michigan's solid 30 which had been standing for Johnson broke on the sixth ballot. Eleven of the 30 broke to Wood and one to Lowden. The remaining 18 stood pat for Johnson.

It was the first break in the solidly instructed delegation.

NATIONAL WOMAN'S PARTY TO BE ACTIVE AT CHICAGO

Chairman Alice Paul and officers of the party photographed before leaving Washington for the convention

Alice Paul, chairman of the National Woman's party, one of the organizations growing out of the old suffrage organization, and the officers of the national party, will be at the Republican conven-

tion at Chicago to lead the suffrage "drive" there, opposing candidates and delegations who haven't aided the suffrage cause. Shown above, left to right, are: Miss Sue White of Nashville, Tenn.; Mrs. Benigna Green Kahl

of Houston, Texas; Mrs. James Redford of Columbus, O.; Miss Mary Dubrow of New Jersey; Alice Paul and Miss Elizabeth Kahl. They are holding a banner which they will use at the convention.

CHARGED WITH RUNNING ENGINE OVER ASPHALT

A result of complaints made by residents of East street and Columbus avenue, Service Director Pete Tracey has filed affidavits against William Robison and Charles Smart, charging them with unlawfully operating a lugger tractor over the asphalt paving of the above mentioned streets, damaging them to a considerable extent.

The charge was filed under a statute which prohibits lugger tractors from being run over such thoroughfares.

The result of the action will be watched with interest because of previous violations which have resulted in serious damage to streets and roadways.

WAR BEING WAGED ON THE SPEEDERS

During the past few days the police of this city have brought before Mayor V. J. Dahl a number of violators of the traffic rules. The majority have been arraigned for speeding.

While the Mayor has been very lenient with the majority of the drivers and has only fined them the costs he announces that should the violations continue a repeated dose to the full extent will be given.

Police have been given orders to arrest any persons making a speed exceeding fifteen miles per hour in the congested district and the number of persons facing His Honor have testified to the manner in which the orders have been carried out.

Illegal parking of cars has also come under observation of the police and scores of cars have been ordered to move on when stopped in the middle of the streets, at alleys or fire hydrants.

And it is to continue, says the Mayor, until the auto drivers recognize their obligations to the public.

Because of the fact that many arrests are first offenses the names are being withheld by the court. A great many of those taken into court have been young people.

The Mayor does not believe in showing partiality to out of town drivers and local violators are given attention to the same degree that foreign autoists are noticed.

FESS GUIDING GENIUS BEHIND THE COMPROMISE

Friends of Congressman S. D. Fess are now claiming that he is responsible for the league of nation plank adopted by the Republican National Convention. A dispatch from Chicago tells the story:

"When the league of nations plank was disclosed it developed that it conformed in substance with recommendations submitted on Tuesday to Senator Borah by Congressman Fess."

"Tuesday afternoon at four o'clock Fess received from Borah, through

Secretary McCarl, of the Republican congressional election committee, an urgent request for his recommendations as to how far the Johnson-Borah group might go in conceding to the demands of Murray Crane.

"As directing head of the committee which is responsible for the elections of senators and representatives we will try to respect your advice," Borah said.

The whole mess at that hour was at the boiling point with open threats that Johnson would bolt if his platform demands were not met.

"Fess standing in the lobby of the Congress hotel, hastily scratched out a series of 3 recommendations which he felt would be satisfactory to Crane and the same time be acceptable to Borah.

"When the platform plank was agreed upon, it was disclosed that his plan had been adopted practically in detail."

OUR IDEA OF SERVICE

Our idea of battery service may be summed up very briefly—"Absolute satisfaction to the owner." That's it. Not much of it is there? A great deal, too, when you are the owner. With this formula for service it is extremely hard for any battery owner to go away dissatisfied and they are few indeed who do. It's the know-how of the battery business that does it.

The League of Nations Plank

The determination of the republican delegates at Chicago, the majority without competent leadership, to prevent a bolt of the party by the Johnson-Borah group of bitterenders and irreconcilables is clearly manifested in the platform of principles agreed upon by the sub-committee on resolutions, accepted by all factions.

The big job of the resolutions, or platform committee, was to hold Johnson and Borah in line rather than to fearlessly declare the known demand of the great majority of the party voters on the league of nations proposal.

A compromise of party principles in an effort to maintain party strength and hold all discordant elements among the leaders, together can be clearly seen in the finished product of the resolutions committee.

Senator Lodge, announced advocate of the league of nations with reservations, correctly catalogued the league of nations plank in the platform when, in agreeing to accept the committee report, he stated that he did so on the ground that it permitted the party to follow the line of least resistance.

The absence of a clear and emphatic declaration for a league of nations and a definite pledge to bring about an agreement for a concert of action among the nations to prevent war and promote peace and friendly intercourse and the action of the committee in contending itself with approval of the course of the obstructionists in the Senate which has resulted in the isolation commercially of the United States, is a disappointment to the majority of the party voters and a decided set-back to the hopes of business men and bankers.

Hopeful Signs

The annual convention of the Federation of Labor meeting at Montreal, in declaring for a voluntary arbitration body to settle the grievances of labor, marks a departure and a promising one too, from labor's long adhered to policies.

The action at Montreal seems to be the first definite declaration by labor recognizing the rights of employers and the rights of the public and acknowledging that there may be merit in the industrial units with which labor comes in contact.

Employers and public alike have long acknowledged the justice in many of labor's contentions and given substantial proof of that acknowledgement in substantial concessions made. Thus far, however, labor has refused, at least openly, to acknowledge the justice of their associates in the business world.

With the coming of a spirit of give and take, the recognition of the rights of others and the justice in the claims of rivals followed by action in accord with the wholesome principles announced, an era of wonderful progress toward the elimination of that hostility and suspicion which has kept the industrial world more or less chaotic is promised.

Get All of Them

At Huntington, West Virginia, on Thursday, a whole sale grocery house was fined, by the federal authorities \$35000 for profiteering in sugar. The presumption is indisputable that the company disobeyed the provisions of the Lever food control law and was caught at it.

We have no word, of course, to say in defense of the guilty company, but the occurrence is another cause for noting that the real culprits are escaping even the annoyance of facing a criminal charge.

The guilty wholesale house at Huntington doubtless sold on a greater margin of profit than that allowed wholesale houses, but the parties who were and are responsible for the big rise which wholesalers are compelled to pay and which makes up ninety percent or more of the present increased price, seem to successfully elude the efforts of the government sleuths to apprehend them.

As a matter of course the wholesalers should not sell sugar for a cent and one-half profit when the law limits them to one cent.

POETRY FOR TODAY

THE ELM

The mountain pine is a man at arms
With flashing shield and blade;
The willow is a dowager.
The birch is a guileless maid,
But the elm tree is a lady
In gold and green brocade.

Broad-bosomed to the meadow breeze
The matron maple grows;
The poplar plays the courtesan
To every wind that blows,
But who the tall elm's lovers are
Only the midnight knows.

And few would ever ask it
Of such a stately tree,
So lofty in the moonlight,
So virginal stands she,
Snaring the little silver fish
That swim her silent sea.

But hush! A hum of instruments
Deep in the night begins,
Along those dusky galleries
Low music throbs and thins—
A whispered sound of harps and
Flutes
And ghostly violins.

For what mysterious visitor
Do all her windy bells
Ring welcome in the moonlight?
And amorous farewells?
The elm tree is a lady.
The midnight never tells.

THE OLD GUARD FORCED TO SEE THE PROGRESSIVES

Medill McCormick's Riot Over Continued Ignoring of Roosevelt Wing Brings Forth The Treaty Plank.

Old Guard Made to Realize Progressives Must Have More Than Promises.

BY MARK SULLIVAN

(Copyright 1920)

Chicago, June 11.—The victory of Senator McCormick, Borah and Johnson on the treaty plank wasn't the only thing that happened. The same event marked the end of a series of happenings which had become intolerable to the old Progressive and Roosevelt leaders who are here. From the very beginning of the convention, as between the Old Guard leaders and the Progressive or Roosevelt leaders, the former were distinctly in the saddle. Time after time the Roosevelt Progressive leaders had been not merely defeated, but ignored and humiliated. Roosevelt dead was cheered at every mention of his name, but Roosevelt living, in the person of his old Progressive followers, was kicked about in the mud. They were permitted to be in the party, but not to have any part in its management. The Old Guard had the air of having granted a general amnesty, but weren't going to put any Jeff Davies into position of power. What was left of the Bull Moose was a pathetically mangy animal, kicked around from corner to post.

It must be admitted that one reason why the Progressive leaders were stepped on is a fact that they were not in a position to make a fight with a united front. The issues on which the Progressive element came into existence eight years ago have been obscured by the fact that a new issue, the league of nations, has cut at right angles across the old issues and left confusion. On the new league of nations issue some that were old Progressives were on one side and some on the other. That fact prevented solidarity among the Progressive leaders. Being divided they were weak, and the old guard leaders rode over them whenever they felt like it.

Up to Thursday the old guard leaders dominated the situation and the Progressive leaders have been treated with malevolent shabbiness. At least, they have been so treated up until then, when one of them, Senator Medill McCormick of Illinois made a riot.

Weeks ago, when it was announced that Henry Cabot Lodge would be temporary chairman, the Progressive leaders demurred. They were put off with the promise that there should be two chairmen and that the other should be a Progressive. I say they were put off with a promise. Perhaps "promise" is too strong a word but certainly they had assurances. Beveridge was mentioned for permanent chairman; another time Senator Medill McCormick of Illinois was mentioned; still later William Allen White of Kansas was mentioned. But when the convention organized and met, Lodge got both chairmanships.

Again, in the chairmanship of the important Committee on Resolutions, there was a fight between a thoroughly old guard leader, Senator Watson of Indiana, and the younger Progressive element represented by Ogden Mills of New York. Every observer felt that he had reason to believe that Chairman Will Hays favored Mills. Watson was put in nomination by that great-grandfather of all the old guard leaders, William Barnes of Albany, and Watson won the position by a vote of 41 to 3.

Up to Thursday the Old guard was on top—conspicuously on top. Whether it will continue to be on top in the future remains to be seen. As to the past, there can be no doubt about it. The old guard had anything its way. There were and are signs

THE END OF A PERFECT DAY Women Triumphant at The G. O. P. Convention

that Will Hays has been worried about this.

All that has been said here may have been changed by Senator Medill McCormick's dramatic rebellion. Whether it is and whether the old Roosevelt Progressives are to have more consideration in the future remains to be seen. The net of what happened Thursday is that Senator McCormick got tired of relying on assurances; got tired of being rolled in the mud, and blazed into the dignity of an angry and outraged rebellion. Certainly it made the old guard leaders extremely uncomfortable; but it did clear the atmosphere and presumably has made things better for the Roosevelt Progressives.

It is too early to tell a connected and strictly accurate tale of what happened. Also, it is all made very complex by being tied up with the league of nations. If you believe in the league of nations, you'll never be able to see much virtue in what happened Thursday. But if you can see it as merely a drama, as one strong man flinging into passionate action after being too long good-natured in the interest of harmony, you will take your hat off to Senator Medill McCormick of Illinois. Also, no one knows accurately how Roosevelt would have felt about the league of nations. It may be he would have wanted it and would have deplored what was done Thursday. But regardless of how he would have felt about that part of it, Roosevelt, wherever he is today, knows that Medill McCormick has told the old guard that they have "got to stop kicking that Roosevelt dog around."

Seated with the hostess and honor guests were Misses Virginia Campbell, Doris Willis, Mary Hanna Bliss, Nina Dahl, Messrs. Clay Pearce and Paul Dye, of Urbana, David Graham, of South Charleston, Mortimer W. Clasgens, J. H. Lacy, James McDonald.

The meeting opened with devotionals led by Mrs. Post, and a program of Victrola music preceded the regular program in charge of Mrs. Pearl Darlington, the subjects "Child Welfare."

The papers of the afternoon were of special interest to the women, Mrs. Darlington reading "Our Extension Program," Mrs. Clara Campbell, "Recruiting for Membership — Why?"

Mrs. Bess Lamum, "What Part did the W. C. T. U. have to do with Prohibition"; and Mrs. Anna Hardway, "Advantages of Organization."

Miss Martha Minnick and Miss Dorothy McCoy delighted the women with a pantomime.

Mrs. Rella Simmons was welcomed as a new member, and there were seventeen regular members with several additional guests in attendance.

A clever flower contest was enjoyed Mrs. Anna Hardway winning the prize — and the hostess assisted by Mrs. Athel Post served an elaborate lunch.

The Daughters of the American Revolution will celebrate Flag Day, Monday, June 14th at 2:30 o'clock at the country home of Mrs. W. A. Harlow and Mrs. Maude Coffman.

Miss Forest Allen who has spent the last three years in Washington D. C. will be present and give a reading. There will also be exercises by the children.

If it should be a rainy day, the meeting will be held at the Federated Club rooms.

The Wills home has frequently been the scene of social affairs, but never a prettier nor more charming one than the garden party at the height of June freshness, shaded by fine old trees, the wealth of summer bloom and the spacious home, with its cool rooms, in the background were all contributing features. The guests enjoyed to the fullest degree the beauty of their surroundings, the refreshing breezes as they stirred the overhead leaves, and the delightful sociability of the hour. Stimulated by the warmth of the hostess' greeting and the pleasure of visiting with the honor guests, Mrs. Young's many friends have never ceased to regret her call to the South, which now promises to be her permanent home, and her return is always the happy excuse for renewed social activity.

MRS. FRANK BOHN DIES IN CHILlicothe

The announcement of the death of Mrs. Frank Bohn (nee Helen Burk) which occurred at the Chillicothe Hospital at seven o'clock Friday evening, comes with a distressing shock to her family and brings sorrow to a large circle of friends in this community.

For the past year Mrs. Bohn has been in frail health, her serious illness of two months' duration.

Through the past month Mrs. P. J. Burke Sr., has been with her daughter at the Bohn home in Chillicothe, and accompanied Mrs. Bohn to the Hospital when her condition became grave.

Many Washington people remember Helen Burke as she grew up in this community, a beautiful girl, bright and winning in her personality, and feel deeply the sadness of her death while still a young woman, and so greatly needed in her home and by her family.

Surviving her are the husband and only child, Richard, her mother Mrs. P. J. Burke Sr., brothers, John, Leo and Patrick J.

A wire reached Mr. John Burke at Madison, Wis., and he is now enroute to Chillicothe, where the two brothers from here and Mrs. P. J. Burke Jr. join him.

Your Milk is Not Safe Unless It is Pasteurized

That statement is made with the backing of highest health authorities. Pasteurization is the only method which will destroy the bacteria in all milk.

Tubercular Bacteria

is present in twenty-five percent of the dairy cows of the country. Statistics tell us that and tests prove it. Then is it not evident that to use milk not PASTEURIZED IS AN ABSOLUTE AND UNNECESSARY RISK?

Pasteurization does not change the quality of the milk or the butter fat content in any way whatever. But it does make it fit for your family.

Laying aside the fact that our methods are of the most approved sort and that our quality is of the highest, that one fact of absolute purity should be enough to satisfy any milk consumer.

SOME FOLKS
Still cling to the idea that to have their washing done at the laundry is an extravagance. Nothing could be more erroneous.

OTHER FOLKS

have learned from actual experience that if they send their washing to the Larimer Laundry they save quite a considerable amount as well as in labor. The weather is hot, don't wash at home.

BEFORE the first Indianapolis 500-mile race in 1911, Barney Oldfield christened the contest "The Battle of the Tires."

In that race, and in each of its yearly renewals until 1920, tire troubles in varying degree have handicapped every fast contending car.

Years ago Barney Oldfield determined to build tires which would go through the whole 500 miles of this terrific test.

In 1919, Barney Oldfield's own company began to build tires.

On a set of these Oldfield Tires, Gaston Chevrolet, May 31, 1920, accomplished the hitherto impossible when he won the eighth annual 500-mile race without a single tire change.

Chevrolet's Oldfield Tires were the logical results of Barney Oldfield's determination, and his experience of 20 years of racing and touring.

Oldfield Tires offer you the same safety and endurance with which they so faithfully served Gaston Chevrolet.

Take no tire chances.
